[Cat. No.] K-6860

Introduction

AccuPower® Citrobacter amalonaticus Real-Time PCR Kit is a product that can specifically detect Citrobacter amalonaticus (C. amalonaticus) by real-time PCR.

C. amalonaticus is a gram-negative bacterium commonly found in the human digestive tract. It is an opportunistic pathogen that does not lead to infection in healthy individuals, but can infect immunocompromised individuals. In addition, it can cause neonatal meningitis or gastroenteritis in newborns, and also cause urinary tract infections when present in the urinary tract. However, caution is warranted because it is so common in the human gut that it is often ignored.

This product contains all Real-time PCR components specific to C. amalonaticus, including DNA polymerase, dNTPs, and reaction buffer. The users can easily prepare a reaction mixture simply by adding template DNA, Oligo Mix, and DEPC-D.W.

Features & Benefits

- Convenience: All necessary reactants for real-time PCR are included in a tube (i.e., Master Mix Type), allowing the users to perform reaction simply by adding template DNA, Oligo Mix, and DEPC-D.W.
- Sensitivity: By using BIONEER's HotStart Taq DNA Polymerase that minimizes non-specific reactions and maximizes reaction efficiency, only the target gene can be effectively amplified even with a trace amount of template DNA.

Components

Components	Amount
2X Master Mix	625 µl x 2 ea
Oligo Mix	500 μΙ
DEPC-D.W.	1.8 ml
Positive Control (1x10 ⁸ copies/µI)	50 μΙ

^{*} Note: For research use only. Not for use in diagnostic or therapeutic procedures.

Composition

	Composition	25 μl reaction
	Taq DNA Polymerase	2.5 U
2X Master Mix	dNTPs (dATP, dCTP, dGTP, dTTP)	Each 300 µM
	Reaction buffer with 2 mM MgCl ₂	1X
	C. amalonaticus Forward primer	1.0 µM
Oligo Mix	C. amalonaticus Reverse primer	1.0 µM
Oligo Mix	C. amalonaticus Probe (FAM)	1.0 µM
	ROX dye	1X

Specifications

Taq DNA Polymerase				
5'→3' exonuclease activity	Yes			
3'→5' exonuclease activity	No			
3'-A overhang	Yes			

Storage

Store at -20°C. If stored in the recommended temperature, this product will be stable until the expiration date printed out on the
