

## Material Safety Data Sheet

Version No.: 0 (Rev. date : 2022-06-30)

***AccuPower® Bordetella pertussis  
Real-Time PCR Kit***

---

**1. Product and company identification**

---

**Product details**Product Name : *AccuPower®* Bordetella pertussis Real-Time PCR Kit

Product Number : K-6802

**Use of the Product**

Identified uses : For research use only. Not for use in diagnostic procedures.

**Company**

BIONEER CORPORATION

8-11, Munpyeongseo-ro, Daedeok-gu, Daejeon 34302, Republic of Korea

82-42-930-8777

---

**2. Hazards identification**

---

**Hazard description**

- Irritant to eyes, respiratory system and skin
- Harmful in contact with skin
- Toxic if swallowed

**Information concerning particular hazards for humans and environment:**

- The product does not have to be labeled due to the calculation procedure of the 'General Classification guideline for preparations of the EU' in the latest valid version.
- 

**Classification system**

The classification is according to the latest editions of the EU-lists, and extended by company and literature data.

**NFPA ratings (Scale 0-4)**

Health = 1

Fire = 1

Reactivity = 0

GHS label :

---

**3. Composition/information on ingredients**

---

**Chemical characterization**

Description : Pellet, consisting of the following components:

| CAS No    | Component name     | weight(%) |
|-----------|--------------------|-----------|
| 7447-40-7 | Potassium Chloride | <0.1      |
| 77-86-1   | TRIS Base          | <0.1      |

**Other components:**

Components not listed here are not dangerous or their concentrations do not exceed the limits specified in the EU directive. 1999/25/EC.

**4. First aid measures**

**Skin contact :** Wash off immediately with plenty of water

**Eye contact :** Irrigate thoroughly with plenty of water, also under the eyelids.

**Ingestion :** Never give anything by mouth to an unconscious person

**Inhalation :** Move to fresh air

**5. Fire-fighting measures****Fire and explosion hazards**

Can be disregard.

**Suitable extinguishing agents**

Use dry chemical, CO2 or water spray. In fire conditions, fire-fighters should wear an appropriate mask or a self-containing breathing apparatus.

**6. Accidental release measures****Person-related safety precautions**

Use personal protective equipment

**Measures for cleaning**

Absorb on sand or vermiculite and place in closed containers for disposal. Ventilate area and wash spill site after material pickup is complete.

**7. Handling and storage****Handling**

No special handling advice required.

**Storage**

Keep tightly closed. Store in a cool dry place.

**8. Exposure controls / personal protection**

**Engineering measures**

Ensure adequate ventilation, especially in confined areas.

**Personal protective equipment**

Respiratory : Respiratory protection is not required.

Hand protection : Impervious gloves

Eye protection : Chemical safety goggles.

Skin and body protection : Lightweight protective clothing.

General hygiene measures : Wash thoroughly after handling.

---

**9. Physical and chemical properties**

---

**General information**

|                               |                 |
|-------------------------------|-----------------|
| Physical state                | Liquid          |
| Color                         | Clear colorless |
| Odor                          | Odorless        |
| Boiling point / Boiling range | N/A             |
| Melting point / Melting range | N/A             |
| Freezing point                | N/A             |
| Vapor Pressure                | N/A             |
| Vapor Density                 | N/A             |
| Volatile %                    | N/A             |
| Flash point                   | N/A             |
| Autoignition Temp             | N/A             |
| specific gravity              | N/A             |
| Density                       | N/A             |
| Solubility                    | N/A             |

N/A = not available.

---

**10. Stability and Reactivity**

---

**Stability**

Stable: stable.

Materials to avoid : No information available

**Hazardous decomposition products**

No information available

**Hazardous polymerization**

Will not occur.

---

**11. Toxicological information**

---

**Route of exposure**

Skin contact: No information available.  
Skin absorption: No information available.  
Eye contact: No information available.  
Inhalation: No information available.

**Signs and symptoms of exposure**

To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

**12. Ecological information**

Not data available.

**13. Disposal considerations**

Disposal must be made according to the Standard.

**14. Transport information****UNRTDG**

Not regulated as a dangerous good

**IATA-DGR**

Not regulated as a dangerous good

**IMDG-Code**

Not regulated as a dangerous good

**Special precautions for user:**

Not classified as dangerous in the meaning of transport regulations

**15. Regulatory information****Indication of danger**

Not hazardous

**Risk phrases**

No information available

**Safety phrases.**

No information available

**16. Other information**

---

This information is based on our present knowledge and shall be used only as a guide. However, this shall not constitute a guarantee for any specific product features. BIONEER is not held liable for any damage resulting from handling or from contact with the above products.
